

### Homework Guidance 2025/2026.

At CWS we believe that home learning supports our students in becoming independent and resilient learners.

Please note the following guidance regarding homework:

- Homework will be **set each week and recorded on Google Classroom.**
- Students should be given **at least 48 hours** to complete homework. Please **do not set deadlines for the next day.**
- The times in brackets shown in the table indicate the **maximum time a student should spend on a task.**
- We hold high expectations for all students and are committed to providing the necessary adjustments to ensure homework is accessible and inclusive for everyone.
- Homework will be relevant to what is being studied in class and help students to prepare for their learning and/or support/extend their learning.
- If students wish to supplement their learning further, students are encouraged to use the curriculum booklets available on our website.
- Homework will be used for revision purposes for two weeks prior to exams and during exam weeks. In Year 11, homework is likely to be based on revision in many subjects and is designed to help embed revision strategies.
- Teachers will use the medium that is most relevant to their subject e.g. Seneca, written tasks etc.
- Teachers will set a one hour detention as a consequence if students fail to complete homework on time and to an appropriate standard.

**Please note:** Year 7 students will not have homework set until they return to school from the Autumn half term. However, please provide meaningful further work to consolidate their learning if a Year 7 requests it.
